CREATE ACCOUNT

1.2 Sign in

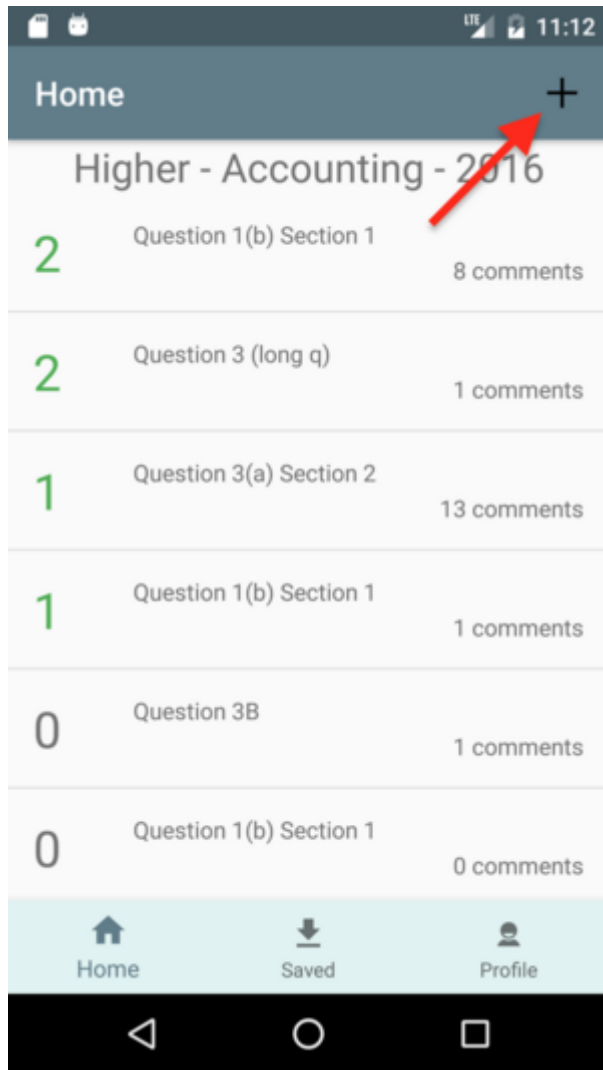

To sign in enter either your username or email, and your password. Press the sign in button to get into the app.

2. Home page

2.1 Adding your own answer

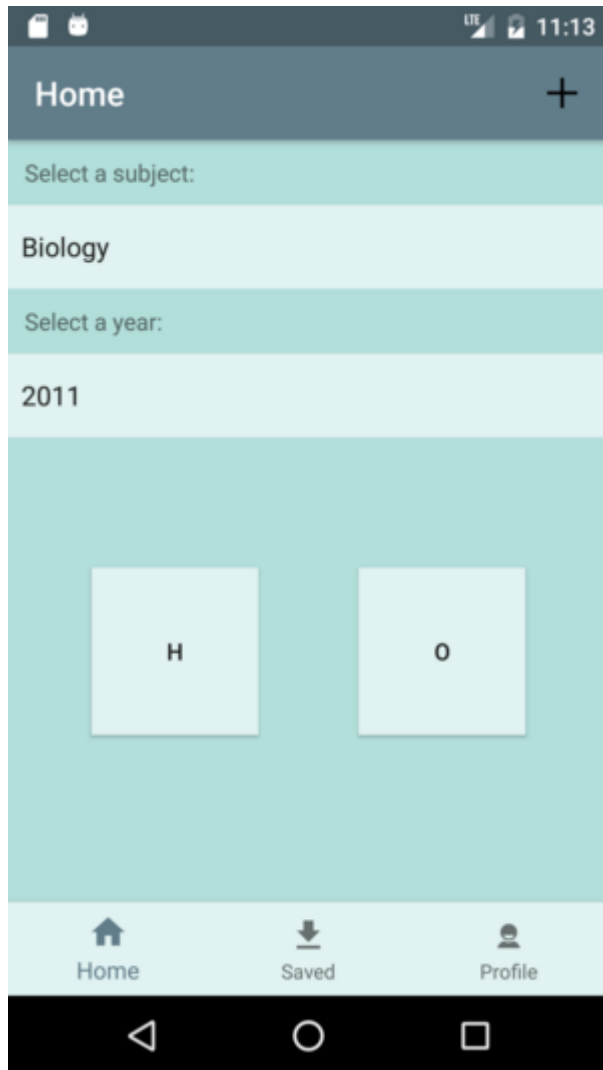

To add your own answer, click the plus symbol.

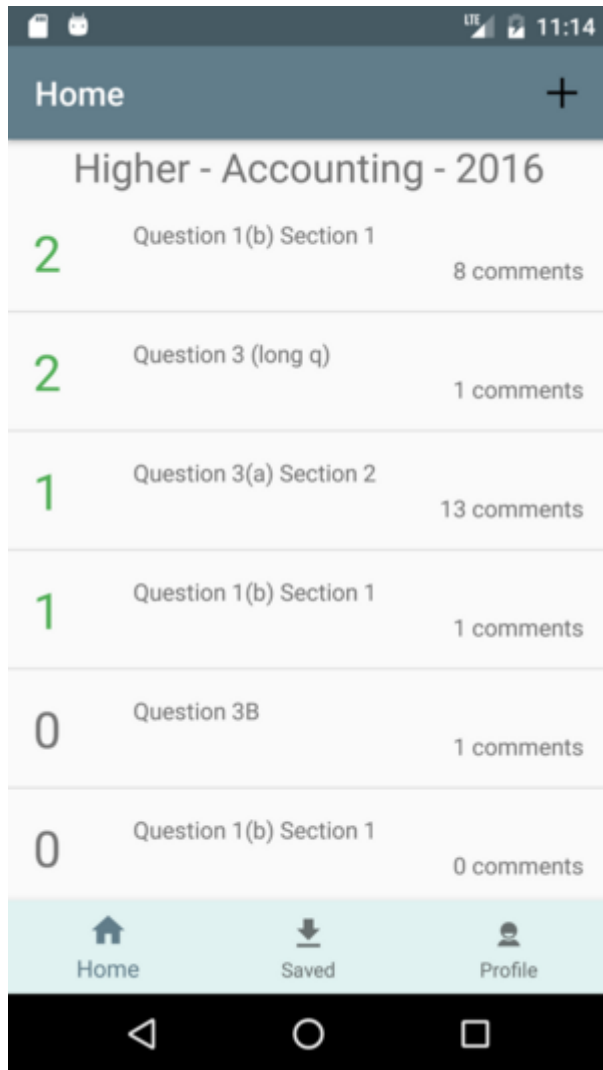

A page will open and you can enter the answer title, content and images. Images can be added by using the camera or by searching through images on your phone. You can submit an answer by pressing on the submit button.

2.2 Search for an answer

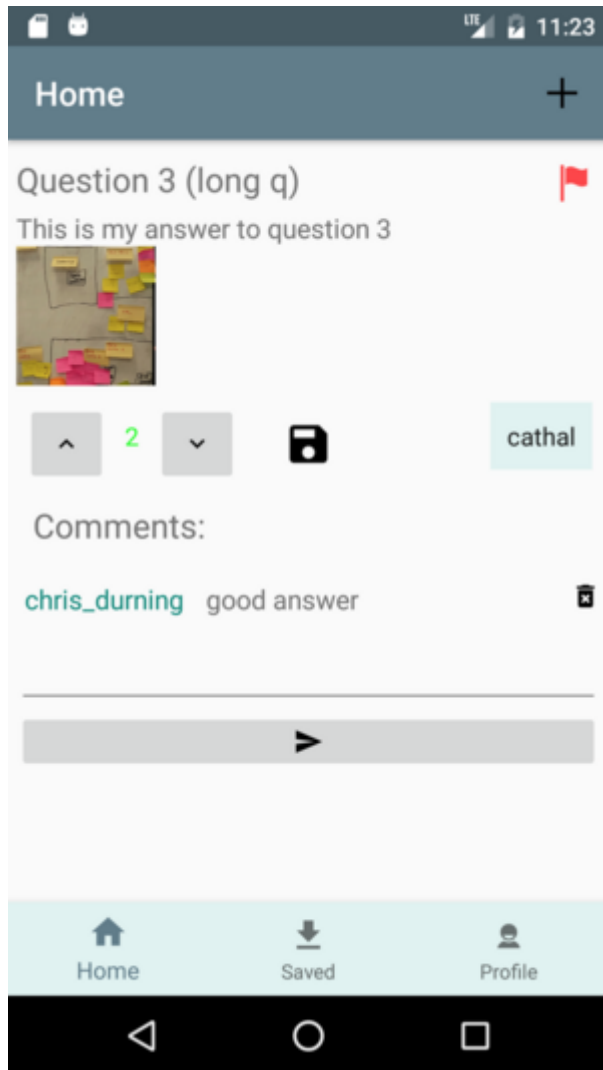

To search for an answer, choose the subject and year of the exam answer you are looking for by clicking just below Select a subject and Select an answer where the first subject and year is already displayed. After, choose the the level of answer you want to look at, by clicking either the H or O button, meaning Higher level or Ordinary level.

Upon clicking the H or O button a list of answers will appear that correspond to the search you just made. You can browse through the answers by scrolling and its worth noting that the answers are displayed with the most popular ones at the top, and the least popular at the bottom. Once you have decided on the answer you want click on it and it will open.

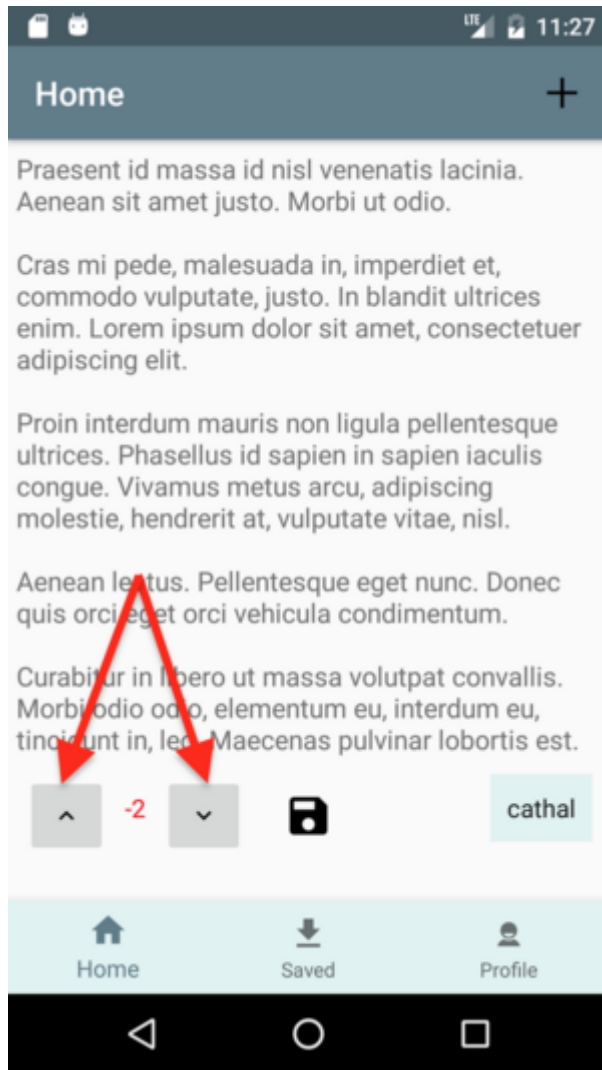

The answer will now be displayed in its entirety with a title, content and maybe some images. To open an images, just click on it and it will be displayed in a page on its own. Press the back button to go back to the answer page. If there are multiple images on a page your can scroll through them horizontally.

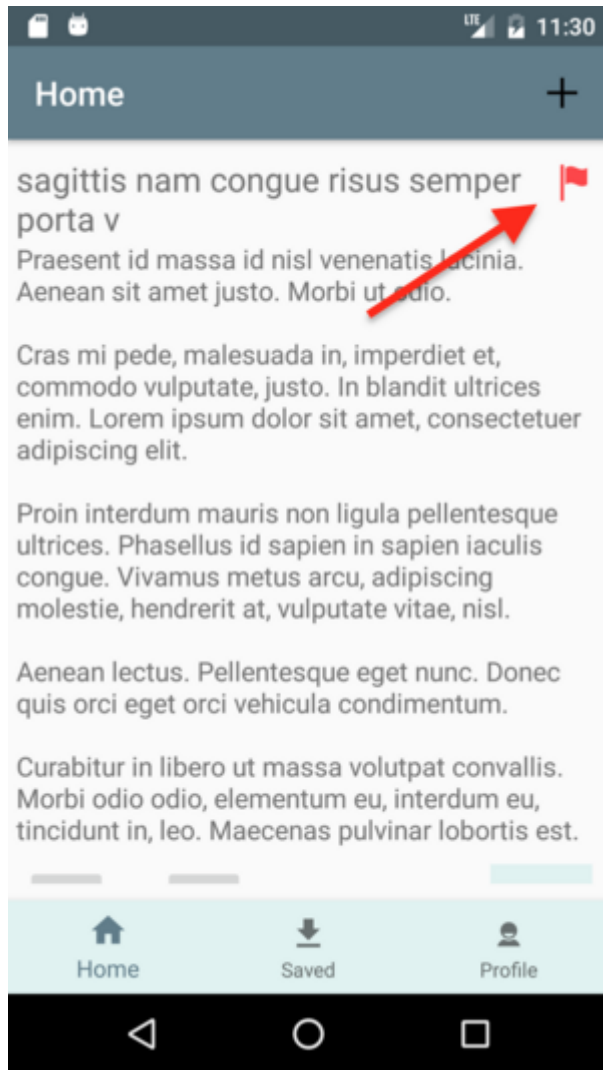

2.3 Vote on an answer

To vote on the answer press either the up or down button displayed just below you answer on the left side of the screen.

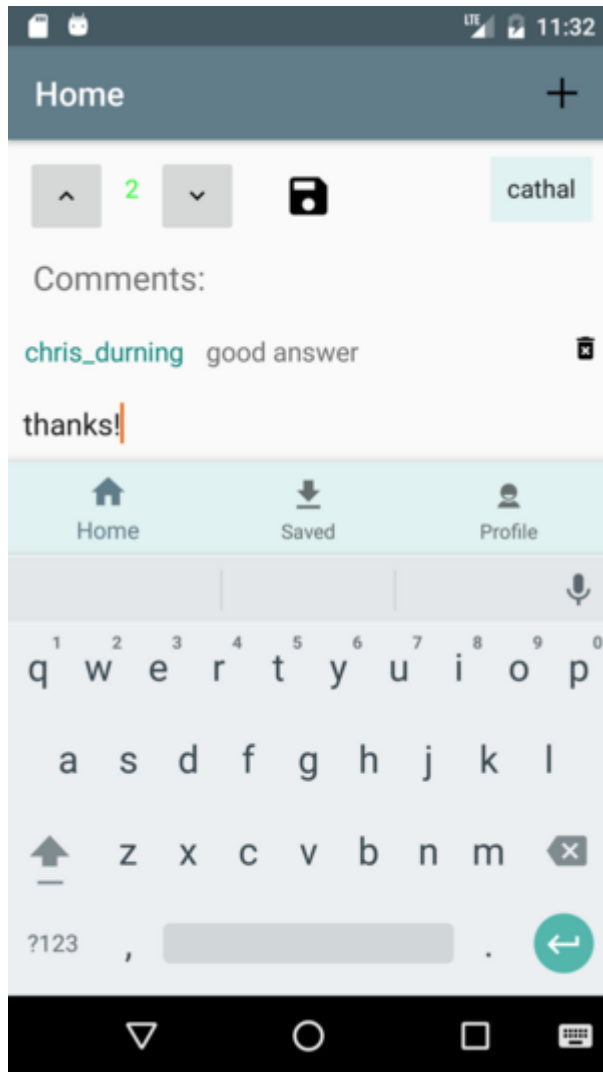

2.4 Report an answer

If you think the answer given is inappropriate or has unrelated content, just press the red flag and the admin will take action.

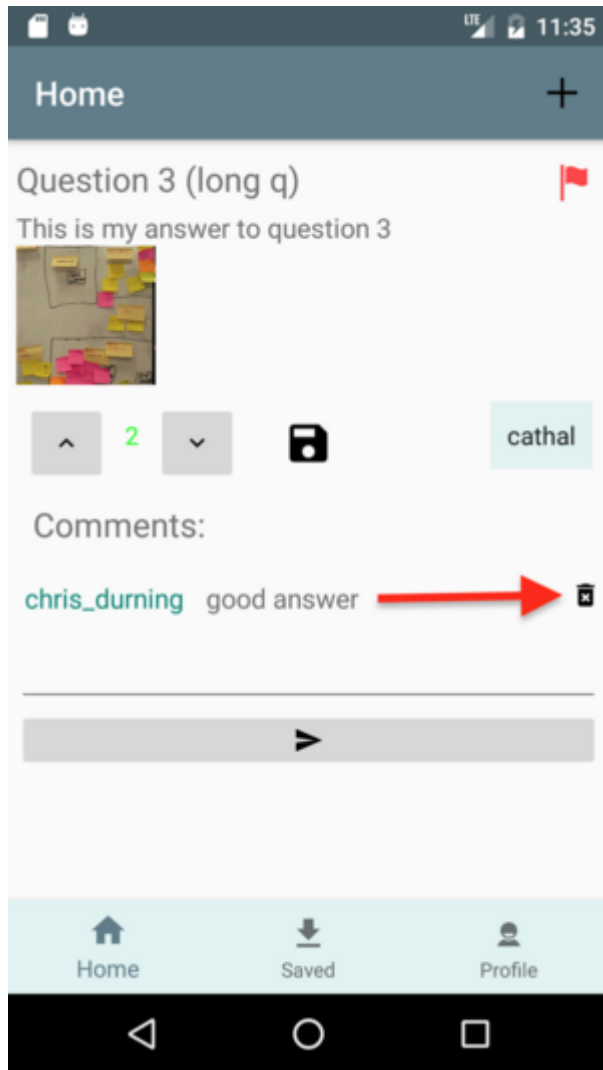

2.5 Write a comment

To write a comment scroll to the bottom of the page, press the comment box, enter some text using the keyboard and press the send button just below.

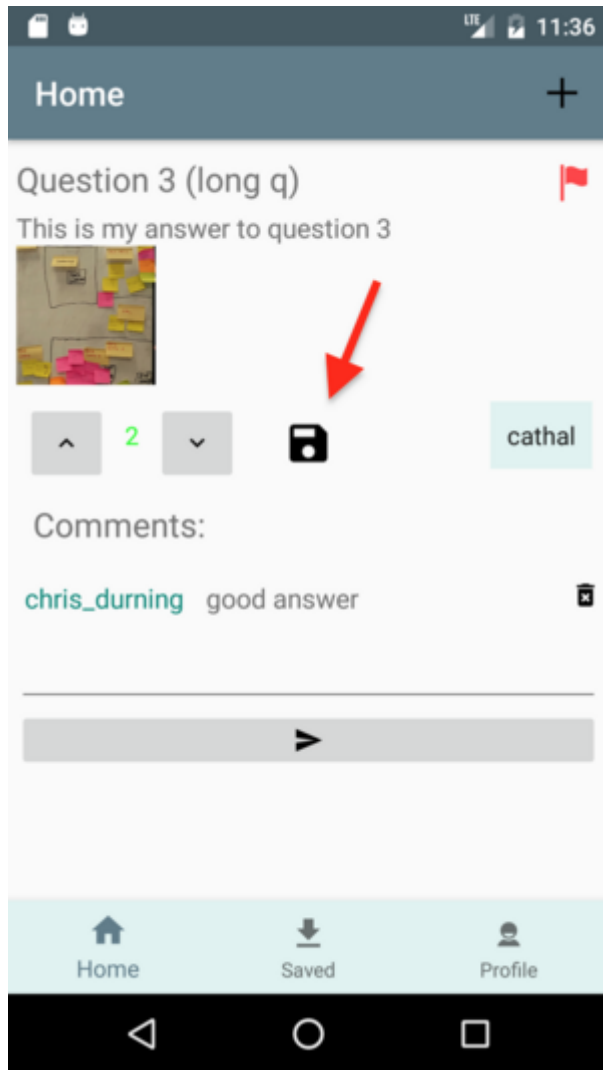

2.6 Delete a comment

You can delete a comment you've previously made by clicking on the trash icon, located on the comment you wish to delete.

2.7 Save an answer

You can save an answer, by clicking the saved image. This will save the answer, so you can access it when you're offline. To access your saved answers, click Saved on the bar at the bottom of your screen.

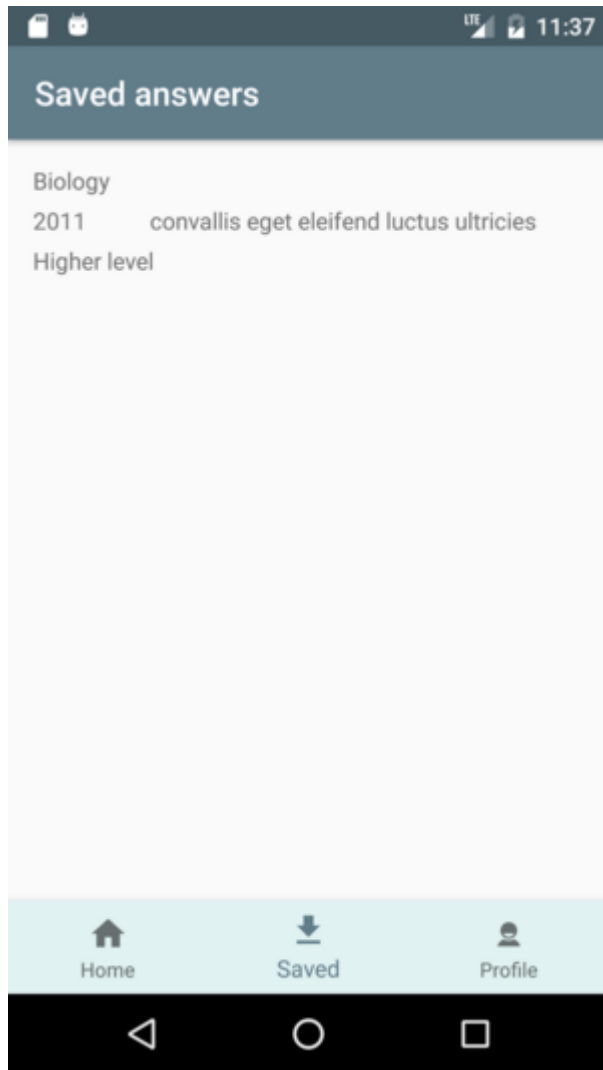

2.8 Moving back to previous page

This can be achieved by pressing the back button, on your phone.

3. Saved page

3.1 Browse saved answers

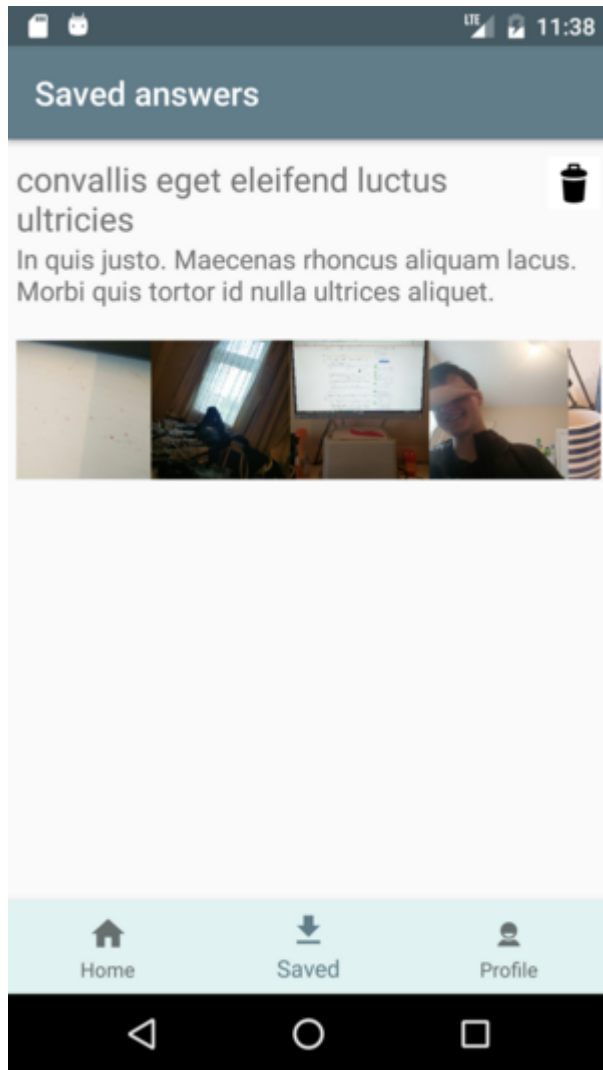

If you have multiple answers saved you can browse through them by scrolling vertically. To open one just click on it and it will appear.

A saved answer will appear in the same format as answers displayed in Home page.

3.2 Delete saved answer

To delete a saved answer - press the trash icon in the top right.

3.3 Moving back to previous page

This can be achieved by pressing the back button.

4. Profile page

This page can be accessed by clicking Profile on the bar at the bottom of your screen.

4.1 Change your password

To change the password of your account, click on Change password. A page will open and you will enter your old password, new password and new password again to confirm password.
